## What's your favorite traffic jam action??

Most American drivers -- particularly those reaching their senior citizen years -- have been caught in massive traffic jams sometime in their lives.

The Pennzoil Public Relations Department has made a survey on us and it is somewhat surprising what they have found out.

They have found out that more Midwesterners change their clothes inside their car than do drivers or passengers on either coast.

Motorists have been observed driving with their car's hood up, have offered others money if allowed to move up in car jams, been seen setting their trousers on fire by dropping a match in their lap and were viewed styling their hair in such time crises.

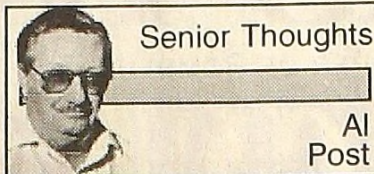

Some of the more unique things witnessed during such traffic interludes were three

car occupants each talking on their individual car phones, a motorist holding a debate with a puppet while driving and even car occupants teaching their pets (particularly dogs) how to drive in slow motion.

During some of the more stubborn jams...car occupants have been seen grilling lunch or dinner on the engine of their car, taking part in some romantic encounters or even singing to pass the time away.

Some Romulus motorists have even been known to count box cars while stalled in traffic, some even joke they have marked birthdays in such railroad traffic tie-ups.

One motorist claimed he developed a "lasting relationship" with a female driver at such a stop -- and hasn't stopped honey-doing since. Obviously the pair decided if they were going to spend that much time together they might

as well get married....which they did.

Many area senior citizens salute Sen. John Glenn for his latest exploits in space...but few are interested in changing places with him.

The reinstated astronaut has excited the worldwide media to a much higher level than any flight in recent years.

But on the downside many retired area residents feel ... Glenn is just too old for such an excursion. "Maybe when he comes back...he'll settle down and just visit nearby casinos, just like us. Now that's a trip."

Ironically two silver-haired residents joked recently that this columnist seems to be sprouting more grey hairs lately since starting the "Senior Thoughts" column.

Looking in the mirror, I told them "You may be right....it must be contagious."

## Alzheimer's study to begin

By AL POST  
MCN Staff Writer

Oakwood Memory Clinic in Dearborn is joining a new national study on Alzheimer's Disease -- to evaluate current treatment of the disease.

The six month study will involve 900 patients at more than 50 sites across the U.S.

To allow an unbiased assessment of the new medication's effects 30 percent of the patients will be given a placebo (sugar pill) and 70 percent will receive the new medication.

To enroll in the program or to learn more information about the program call 1-877-STUDY-33.

All study participants will receive free, regular medical evaluations and an ongoing, no-charge subscription to the *Caring* newsletter, created specifically for trial participants.

Stephen Aronson of the memory clinic said "this is an exciting time in Alzheimer's

Disease research. As treatment options expand to offer new reasons for hope, there will be greater reason for physicians to diagnose the disease and for patients to seek early treatment."

A free Osteoporosis Expo -- entitled Healthy Choices for Healthy Bones -- is slated for 6:30 to 9 p.m. Nov. 17 in St. Joseph Mercy Health System's Educational Center.

Doctors warn osteoporosis is a bone thinning disease affecting more than 25 million Americans and causes in excess of one million bone fractures every year.

Those attending the expo will learn to identify the risk factors and hear about latest treatment methods. There also will be a variety of exhibits on the subject.

To register call 1-800-231-2211.

Canton Garden Club will be offering a program "Holiday

Traditions in the Warmth of Williamsburg" will be offered at 7 p.m. Nov. 17 at the historic Cherry Hill School, Ridge and Cherry Hill roads.

The instructor, Nancy Passfield, will fill five huge tables with holiday displays.

Passfield is the former editor of "Thru the Garden Gate" and past president of the Federated Garden Clubs of Michigan.

Call Gretchen Madick at 734-455-2543 for reservations. The cost to take part in the program is \$3.

Tellebration 98 -- a worldwide storytelling event for grown-ups -- will be held at 7 p.m. Nov. 20 at the Livonia Civic Center Library Auditorium (32777 Five Mile road in Livonia).

Featured will be: Ardith Laskowski, Mary Masson, Marlon Brown, The Music Sisters, Michael Deller and maestro Jean Gordon.

For more information call 734-466-2493.

"What Five Stars Mean To You"

The five-star government frontal crash test rating is based on testing conducted and standards established by the National Highway Traffic Safety Administration (NHTSA). The rating is designed to be easy for consumers to understand, similar to movie ratings in the local newspaper. Achieving the highest five-star rating, however, is no easy matter. The NHTSA bases its ratings on the results of actual vehicle crashes into a fixed barrier at 35 mph. Head and chest injury data are then combined into a single rating, reflecting a vehicle's relative level of crash protection in a head-on collision.

## Schaffers' mark 65th anniversary

Joseph and Mabel (Whitton) Schaffer of Wayne recently celebrated their 65th wedding anniversary at an open house sponsored by their children and attended by 160 friends and relatives.

The celebration was held in the parish hall of St. John's Evangelical Lutheran Church of Westland, where they have been members for 52 years.

Guests came from Cleveland, Ohio and Canton, Mason, Oakley, St. Helen, Howell and Novi, Mich.

The couple married in Detroit on Sept. 2, 1933.

Schaffer worked at Holcroft and Co., where he served as superintendent of the machine shop until he retired in June 1975, after 30 years of service there.

He and his wife, a native of Canada, have five children:

Tom, Bill, Margaret, Ernie and Fred; 19 grandchildren and 35 great-grandchildren.

Since retiring they have enjoyed traveling and keeping busy with family activities.

## Van Buren Reports

On October 22 at 3:40pm, Romulus Police were called to the scene of an accident on Eureka Road, 1/4 mile east of Vin- ing Road.

The crash resulted in the death of one of the drivers, Mr. Dino Holmes, a 42 year old Taylor resident.

Mr. Holmes was traveling east bound on Eureka just east of the divided portion as his 1982 Lincoln crossed the center line and collided head on with a Ford Explorer occupied by Richard and Katherine Hough of Livonia.

Mr. Hough stated that he saw the Lincoln crossing the line and he went off the road to try and avoid the accident to no avail.

The Hough's were both wearing their seatbelts at the time. Their vehicle was equipped with airbags as well, which deployed on impact. The Hough's were both taken to Heritage Hospital and treated for minor injuries and released.

Mr. Holmes was the only occupant in his Lincoln, was reported as not having on his seatbelt. He was taken to Heritage Hospital where he was pronounced dead by hospital personnel.

The investigation continues in this crash. It is unknown why Mr. Holmes crossed the center line. However, his driving privileges were suspended at the time of the accident.

Any witnesses are asked to contact Officer West or Officer Smith at (734)941-8400.

## Narcotics suspected in pedestrian-train death

By RITA BEDELL  
MCN Police Writer

At 2:26 am on October 25, Van Buren Police received a 911 call from the conductor of a Norfolk-Southern freight train who stated that he believed they had struck a person walking the tracks.

Upon arrival, officers found the body of 18 year old Shawn Matthew Sizemore, of Brighton, mangled about the track. Detective Sgt. Laurain stated that the body was so badly mangled that friends of the victim who arrived at the scene had to identify the young man by the clothes he was wearing. The body was later taken to the Wayne County Morgue to be positively identified by dental records.

According to Detective Sgt. Laurain, Mr. Sizemore was staying with some friends in the Van Buren Estates that fatal weekend. The friends of the victim stated that Sizemore was allegedly under the influence of narcotics at the time of the accident. Friends told officers that Sizemore had taken some drugs earlier in the evening and later started to weird out on them. They tried to help him and he ran away. A chase by

his friends through the park, led them to the railway where they lost sight of Sizemore.

Later, friends came upon the accident where police and EMS were already on the scene. The train conductor stated that the freight train had on its overhead lights, set the emergency shut down, blew the whistle, but Sizemore continued to walk down the tracks where he was struck and dragged several feet by the train.

The funeral was held on October 29 with hundreds of family and friends present. He is survived by his parents, Darrell (step-mother Peggy) Sizemore and Margaret (step-father Tony) Rundle, brother Eric, his grandparents and several aunts, uncles, nieces and nephews.

Sizemore was living with his mother in Brighton and currently attending Brighton High School Adult Education Classes in the evenings and working at State Soft Water Co. during the day.

The accident is still under investigation. It is not known at this time if Mr. Sizemore was under the influence of narcotics. The medical examiners report will be finalized within a month and any unanswered questions will be answered at that time.

## Whatever happened to issues-oriented campaigning?

Two years ago I lambasted candidates for the relatively new phenomena called "negative campaigning." Relatively new, they said, because television was being used, almost exclusively to portray opponents as unfit for office. Locally the phenomena had filtered down to campaign fliers that essentially did the same.

In two Western Wayne incidents, the courts were involved, and in one of those situations, former state representative, Deb Whyman was found guilty of slandering (or something like that), gays.

It no longer appears proper to promote all the great things a candidate stands for. A platform that provides issue statements on a candidate's beliefs seems passe. Is this because most of our candidates have nothing of substance to say? I would like to think not. But issue oriented campaigns appear to be sliding off the face of this earth, and that says very little for our political process.

This election isn't any better. On the national scene a candidate for state senator in Cookeville, Tennessee, has actually been accused of murdering his opponent, a well-respected career political who was a huge favorite to win the seat. Now, the accused, sitting in a county prison, is the only name on the ballot, and can only be defeated if a write-in campaign somehow musters enough votes. Can you imagine a jailbird winning election to a state position? It likely will happen in Tennessee.

Locally, the state senatorial race in Dearborn and Inkster created a lot of ruckus. Incumbent Senator George Hart ought to be ashamed for allowing campaign literature to hit the streets accusing his opponent, Rhonda Runco, of being a professional escort and topless dancer. This is utterly disgusting and no way to

run a political campaign.

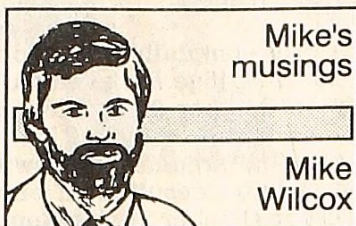

Hart, a state senator for many years ought to have a well-established record to run on, and negative campaigning of this sort is not necessary.

There appear to be no limits a candidate will impose to get elected. In an era when politicians are as lowly regarded as lawyers, it is time to debate the merits of regulating campaigning. Self-regulation appears to be impossible thus government regulation might be necessary.

Let's switch from dirty politics to dirty drugs. Experts are telling us that 60's type drugs are making their way back into schoolyards. One of these, LSD, may be blamed for the death of a teenager who was killed by a train in Van Buren Township last week.

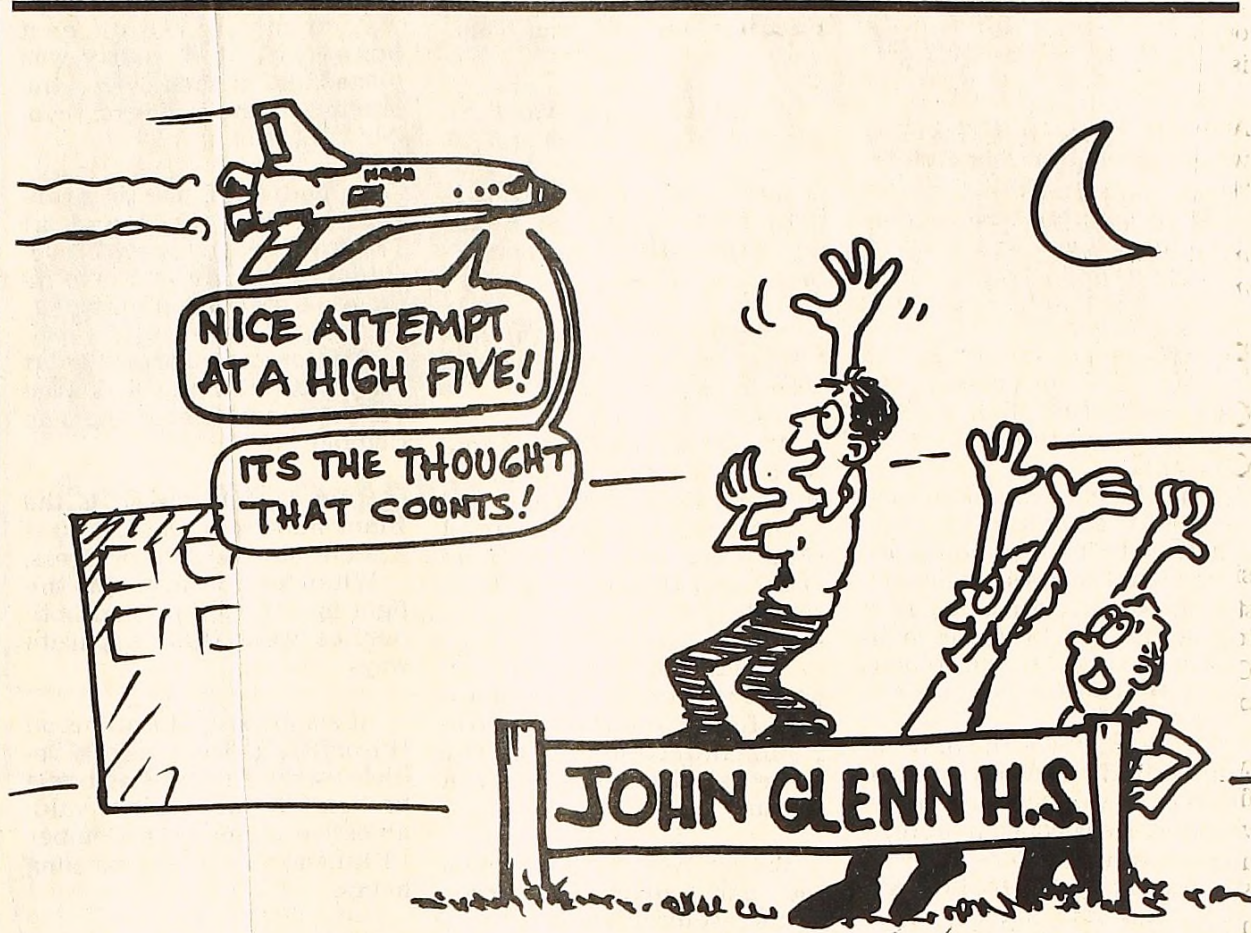

Friends indicate that the victim had tripped out earlier in the evening on alleged LSD. While tripping the friends tried to offer help, only to have the victim dash off into a park that was bordered by railroad tracks. Eventually the victim ended up on the tracks and was killed by a train traveling at a high rate of speed.

All drugs are dangerous, but acid that causes one to hallucinate is the most dangerous form. Parents need to be on the lookout for telltale signs that might indicate their children are messing around with drugs. Marijuana and crack cocaine are still available in great abundance, but beware of LSD and heroin. Both are making a big comeback and our children are sometimes susceptible to the supposed exciting highs these drugs can bring.

## 'Complete election results' destroys ABC's credibility

Conspiracy lovers, take note: Monday night ABC News posted "complete election results" on its World Wide Website - hours before the first vote was even taken.

I found out about it after Internet columnist Matt Drudge alerted his subscribers to the site at about 10 p.m., Monday.

I was quick enough to check out the "results" for Michigan before ABC pulled the results off the 'Net shortly after Drudge exposed the travesty. However, the "election returns" had been available on the website for hours and, according to Drudge, they reached campaign offices throughout the nation.

ABC News had complete results for every governorship, House and Senate race on its website. It had Gov. Engler beating Geoffrey Fieger 65 to 35 percent; and had the assisted suicide proposition winning 60 to 40 percent.

According to Drudge the "results" revealed a bias: Most close contests went to Democrats. For example, ABC News showed former California Congressman "B1" Bob Dornan losing by a 2-1 margin in his rematch against Democrat Loretta Sanchez.

In the neck-and-neck Maryland Governor's race, ABC News showed the Republican behind by 4 points.

What were they up to? A test?

Ivan Helfman

Or are their voter exit polls created out of tea leaves?

To clarify the mess, ABC issued a statement late Monday:

"Earlier tonight, during testing of the ABCNEWS.COM site, we inadvertently posted results and erroneous predictions on the outcomes of races. There was no bias intended by what we posted and the predictions do not reflect the reporting or news judgment of ABC NEWS. We sincerely apologize to all of our readers for any confusion. We are taking steps to ensure similar mistakes do not happen in the future."

While it's wonderful that ABC seems to be promising that in the future it will withhold its bogus election results until after the election, I don't give a fig. In my mind, these "inadvertently posted results" have discredited ABC News and raised the stature of Matt Drudge.

Thanks to the speed that Drudge breaks news and gossip, and his remarkable accuracy rate, especially compared to the traditional media, Drudge has attracted millions of visitors to his website and subscription ser-

vices. He's also spawned hundreds - or is it thousands? - of imitators.

While his column and the *Daily Telegraph* are worth the price of admission to the 'Net alone, I have even higher hopes for the 'Net. I think that in addition to providing more accurate and timely political information, I think that in time it can be used to organize a formidable third party.

The trouble with the Democratic and Republican parties are that they're driven by campaign contributions from special interests in order to pay for negative political advertisements on television and radio. Once someone figures out how to organize and advertise on the 'Net, special interests' contributions will be unnecessary. Computer now cost under \$1,000, and it costs economical computer owners about \$14.95 a month to get on the 'Net and open a website.

As soon as campaigns switch to the 'Net, anybody with \$1,100 can run a national campaign.

Negative ads would likely disappear because, unlike television, the 'Net is interactive and surfers will tend to seek accurate political information over negative propaganda.

A few more stunts like ABC's pre-election results and the move from television to the 'Net will be swift.

WEEKLY SYNDICATED COLUMN by PERCY ROSS

Millionaire Percy Ross is known for his philanthropic work. He offers help and encouragement for those in need. He has earned a fortune and a wealth of knowledge during his lifetime and wants to share both. His motto: "He who gives while he lives... also knows where it goes."

## Cash Donation Headed For U. S. Dead Letter Office

Dear Anonymous Sender from Sioux City, Iowa: I pray you're reading my column this week. My sincere thanks for your generous contribution of \$25,000 in cash. Since you are an ardent fan of this column, I thought you should know it arrived safely even though you didn't include my zip code. I'm so thankful and do not want to seem the least bit ungrateful, but never send me cash like that again. If you wish to remain anonymous, you might go through an attorney for a nominal fee. I'm overwhelmed by your generosity and will be the best steward I know how with your money. Just know that when you read this column, you're making a big difference for a lot of deserving people. I only wish I could give you the rightful recognition you deserve.

Dear Mr. Ross: Not so long ago I had it all—home, family, good job. Then a chain reaction started and I lost everything due to a gambling addiction. Although it has been 6 months since I gambled, it will probably take me 6 years to rebuild my life. At least I'm on speaking terms with my wife now and hope for a reconciliation soon. Our 3 children want "dad" back in their lives, even though I've caused them so much grief. I love them all dearly.

So why do I need your help? I'm willing to pay all my debts and will do so over time. However, I borrowed \$700 from my parents (which I gambled away instead of making the mortgage payment like I said I was) and I don't have time on my side to pay it back. My mother has since suffered a stroke and my folks really need the money. I'm not asking for a gift, just a loan with the promise I will pay it back.

Mr. C. D. ... *The Times*, Altus, OK

Dear Mr. D.: I don't have time on my side, either. At my age, I don't make any long term plans, if you know what I mean. Tell you what—I'll loan you

\$700 on the condition you perform 70 hours of community service. At the end of your 70 hours, I want a short essay on what you did and what you learned. My cancelled check will bind this agreement, so the choice is up to you. It's not like I'll send my bookie to break your legs if you renege, but the thought of bilking an 81 year old man out of \$700, sure wouldn't rest easy on my conscience.

Dear Mr. Ross: My name is Tiffany and I'm 16 years old. I have a great passion for giving talks to younger children. Last year I became involved with the International Moose Association's program called "Kid's Talks." This is where high school students go into their local schools, churches and organizations to speak with 4 to 9 year old children. My peers and I help these children learn how to say "No" to drugs. No adults to create or give our talks for us, they are just there to support us. In other words, it's done by students for students.

The reason I'm writing is I'm going to be creating an entirely new program this year and don't have the extra money to buy materials. In pricing this out, the least expensive is \$100. Seeing how I'm saving to go to college, I can't afford it. If you help me, think of it not as a gift to me, but as an investment in the future. Enclosed is a copy of one of the talks I gave last year.

Miss T. J. ... *Northwest Herald*, Crystal Lake, IL

Dear Miss J.: I don't know when I've come across a more organized, mature, creative and purposeful 16 year old! You are destined to become a great educator. Thanks for allowing me to hitch my wagon to your star because the check is in the mail.

## Protective Services is way out of line

To the Editor:

I'm writing to say thank you to Vera Baldwin of Belleville for standing up and fighting against the so called Protective Services.

I not only have had to deal with them personally, but know at least (10) ten families who have had their lives turned upside down over these people.

Once this organization gets hold of your family it may (most likely) never be the same again. It's been 10 years for me and whenever I even hear the name "Protective Services" or I see a car with their emblem, my stomach turns upside down and my heart just aches. The pain all comes back and the pain for the people who have to go through it just eats me up. Just writing this letter is almost unbearable. The pain, hurt & anger is so intense that when you finally finished with these Nazis, you are so physically and mentally worn out you

just can't fight them anymore.

The people that call the child abuse hotline should own up to their doings when calling. Approximately 70% of the calls are unfounded. Ex-spouses use it for revenge, mad and rebellious chil-

dren lie because they don't get their way at home.

Nasty, noisy neighbors use it as revenge. In-laws or relatives with different beliefs use it unlawfully.

The whole system is just way out of line and the power they possess is out of hand and very unjust.

Is this still the United States of America? It doesn't seem like it, when parents live in fear of the "knock on the door".

An outraged, hurt, devastated, mad, Westland mother, Grandmother and Human Being!

## Protect us from our protectors was one-sided story

To the editor:

I am appalled at the irresponsible reporting in your front page story "Protect us from our protectors" in the September 27 through October 3, 1998 edition of your paper.

The story was about a mother whose son had been removed from the home by protective services because apparent neglect or abuse was reported by a doctor. Your newspaper printed the mother and grandmother's version of the events as fact. There was no mention of any attempt to investigate the incident with the Family Independence Agency.

(The FLA's response appeared in full in the article - Ed.)

The children's services workers in this state are committed, dedicated and professional. They do not recommend the removal of children from other homes on a whim. They investigate and make recommendations to the court. The judge then determines if the facts arrant removal for the child's protection.

The death of Andrew McNeil was a tragedy. However, there was nothing in your article to indicate that his death would have been avoided if he had remained in his mother's care. Apparently, even the doctors were unable to make a correct diagnosis. To blame his death on the workers is wrong. To make a one-sided report is irre-

sponsible.

## Gasoline prices too high in I94 - Belleville area

To the editor:

Stop the price rape.

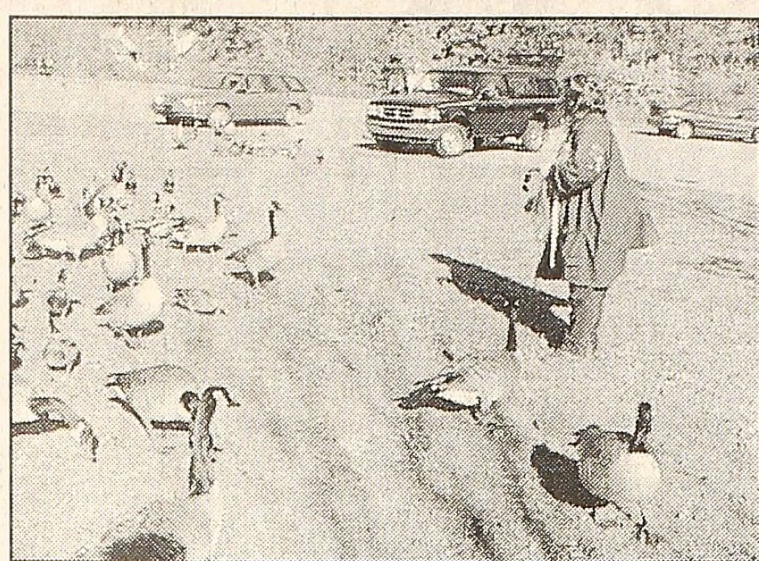

I would like to inform the people of this area (and admonish Shell, Amoco and Marathon) of the monopolistic style of gas pricing being pushed upon the I-94/Belleville Rd. area. These stations have shown a consistent history of high and volatile gas prices.

I have noticed that the pricing averages 4 to 9 cents a gallon above the BP in Belleville and the Mobil at Michigan/Sheldon. The pricing also rivals that found in the traditionally higher areas of Oakland County and the Northern Lower Peninsula. I have seen the prices jump by as much as 12 cents upon news rumor. The higher price is then left for weeks before being lowered back to near the original level. I saw the price this week move from 1.08 to 1.16 then to 1.13 over the span of 4 days the week starting 10/5/98.

The Shell station has also shown a policy of jumping the prices during the weekend period and then reducing the price on Monday.

Why are we being subjected to this? Are these stations taking advantage of the travelers along I-94 and we are being forced into paying these same prices? I do not like being price gouged. I have taken my business elsewhere even though these three stations are a lot closer to my home. I hear constantly that gas prices are at all time lows and hear of the AAA average gas prices being low. These stations have their bottom prices the same as the AAA average mid range.

## Do not feed the geese at Westland's city park

To the editor:

I couldn't believe my eyes when I saw the Westland Eagle had published a photo of a lady feeding the geese at Westland's City Park recently. How could you publish that photo when she was in direct violation of signs posted all around the lake not to feed the wildlife? If she wants to paint a picture of a goose let her go to the library and get a picture.

You can't even walk around the lake or sidewalk without stepping in "goose grease."

Maybe this lady can paint but it's obvious that she and your staff that took the photo can't read. People need to start taking responsibility and live by rules. This again just shows the rules we now live under, that sign, rule, law is for the next person not me this is a free country. Come on America grow up.

Can't walk in the park resident

## Flier wrongly blames Sen. Bennett for Canadian waste

To the Editor:

Today, I received a political flier, directly aimed at Senator Loren Bennett. In fact, at first thought it was done on his behalf...until I took the time to read the back.

In fact, this flier was done on behalf of Senator Bennett's opponent by the Michigan Democratic Party, and they should know better than to misinform the public and distort the truth in such a blatant and deceptive way, even if

Bennett's opponent doesn't.

They flier accused Bennett of "voting to allow a landfill in Canton that accepts Canadian waste." How timely that this should come up, just as Canton and the neighbors of Canton Hills Subdivision are discussing the possible vertical expansion of the Sauk Hills Landfill in Canton. Indeed, included with the flyer was a copy of a recent newspaper story discussing this very thing.

Yes, let's blame Senator Loren Bennett for Canadian waste coming to Canton, let's blame him as well for Zebra mussels that have been imported into the Great

Lakes from commercial shipping, let's blame him for people from Ohio swimming in Silver Lake, and let's blame him for people from Tennessee driving on our roads and thereby polluting our air here in Michigan. Let's blame him for all of it. After all, he's let all this happen, hasn't he?

Well, the truth is, that none of us like having landfill space in Michigan taken up by waste from Canada or from anyplace else other than Michigan.

Loren Bennett as a State Senator can't do anything about Canadian waste coming into a Canton landfill, nor could he as Canton's clerk. Why? Well, control of interstate commerce falls under Federal government regulations, not local or state regulations. In fact, Loren Bennett sponsored Senate Bill #4 as one of his very first acts as our Senator, which would ban waste coming into Michigan from Canada, but it has languished in

the Democratically held House of Representatives for over 18 months. Perhaps the Michigan Democratic Party can tell us, and the residents of Canton Hills WHY? Michigan alone can't stop this waste stream, but it can let the Federal government know we don't like it, and work to get them to change the regulations. Senate Bill #4 was designed to do just that.

The democratic party is playing on a most sensitive nerve for residents here in Canton, as well as most of the 8th Senate district, which host numerous landfills. But they aren't playing fair. They have suggested to residents that Senator Bennett could single-handedly control something that the Federal government is responsible for. And they are subtly suggesting that their candidate could do better? Hardly.

# THEY SAY THE MEMORY'S THE FIRST TO GO.

## WHICH MAY EXPLAIN WHY SHE'S BEEN FORGOTTEN BY HER FAMILY.

The elderly have so much to offer. Their wisdom and knowledge are treasures that shouldn't be forgotten. And with your help they won't be.

The United Way supports 23 agencies in southeast Michigan that encourage the elderly to become more independent. Centers like Adult Well-Being Services offer dance and exercise classes, volunteer work and other

social activities that can be very rewarding.

Last year, you helped fund those agencies with \$2.2 million. This year, the need for help is even greater. For every dollar donated, 90 cents goes directly to people in need. So your gift not only offers help to the elderly, it's a reminder that someone somewhere out there cares. You.

## Thanksgiving celebration slated at Romulus High

By AL POST  
MCN Staff Writer

Romulus area residents are being urged to attend a spirited pre- Thanksgiving Celebration time at 7 p.m. this Saturday in the auditorium of Romulus High School on Wayne road.

The celebration – the second to be conducted in two years at the high school – is being coordinated by area pastors.

The celebration will be highlighted by various musical activities, some supplied by area church choirs, stated the Rev. Neil Swanger, pastor of the Ball Road Tabernacle Church.

Community residents are urged to attend the celebration to thank God for the many blessings he has bestowed on local citizens during the past

year.

The annual Christmas Bazaar and hot chicken salad luncheon offered by the **Community United Methodist Church** is slated from 10 a.m. until 3 p.m. on Nov. 13.

The popular luncheon will be served from 11 a.m. until 2 p.m. at the church located at Olive and Bibbins in Romulus.

Christmas items, crafts, bakery items and other sweets will also be on sale that day.

The 26th annual Noel Night sponsored by the University Cultural Center Association and the Detroit Science Center is slated from 5 to 9:30 p.m. Dec. 5.

The cultural center is transformed into a spectacular holiday wonderland of sounds that night with music, dance, art and crafts sales as well as spe-

cial exhibits.

Carolers, choirs, handbell ringers, live theatre, hands-on art, food and carriage rides will be on display.

Admission will be free. For more information 313-577-5088.

Elder Richard "Mr. Clean" White, pastor of Gospel Temple Church of God in Christ of Atlanta, Ga., will offer a one night special anointing service at 7 p.m. Nov. 15 at the Faithway Full Gospel Baptist Church, 3100 Harrison in Inkster.

White also is the president of the National Evangelist Department Church of God in Christ worldwide. For additional information call Elder Bennie L. Oliphant, church pastor, at 734-467-8668.

A Harvest Festival of Music will be offered by Project Com-

Rev. Neil Swanger

passion at 3:30 p.m. Nov. 15 at the Cathedral of St. Paul, 4800 Woodward ave., Detroit.

The musical groups will include: Billie Brooks Memorial Lutheran Choir and the John Blackwell Singers along with the Detroit Urban Lutheran School Combined Choirs, Lutheran City Ministries Boys Choir and the Project Compassion Chaplain's Choir.

Pastor Edward Einem is executive director of the group.

Ticket donations will cost \$5. Children under 12 will be admitted free.

## Yockey on TV show

Salvation Army Commander Lt. Chuck Yockey of the Wayne-Westland Salvation Army Corps will join Romulus Mayor William Oakley on the monthly televised *Mayor's Chair* production on Nov. 12.

Yockey, who was named

commander of the local Salvation Army in July, will appear on Channel 40 in Romulus from 6:30 to 7:30 p.m.

Romulus is the third major city served by the local Salvation Army.

Only one  
Michigan health  
plan made the grade  
in Newsweek's  
national survey.

HAP stands alone in Michigan: The only health plan to be ranked A, overall, in Newsweek magazine's third annual survey of health plans. And, HAP finished in the top 10% nationally. Newsweek surveyed 200 plans, examining how well they dealt with preventive care; how well they managed acute and chronic conditions; their choice and quality of doctors and hospitals. In all these categories, HAP scored well. It's because we emphasize personalized care from respected physicians and staff, along with prevention, and member education. So, for a health care plan you can feel good about, contact HAP at 313-872-8100 or visit [www.hapcorp.org](http://www.hapcorp.org).

# Flyers in playoffs

By AL POST  
MCN Staff Writer

The Junior Varsity Romulus Flyers football squad -- fresh from a resounding 38-6 victory over the Allen Park Bulldogs -- will face the River Rouge Panthers team this Saturday at 7 p.m. in a playoff game at Flat Rock High School.

Last week's victory qualified the Flyers for the four-team playoffs for the first time in four years.

Ironically the Allen Park squad qualified for the playoffs the week before.

In the other Flyer games last Saturday, the Freshmen lost 38-0 -- ending the season with a disappointing 1-7 re-

cord. The only team they beat was the Melvindale Cardinals.

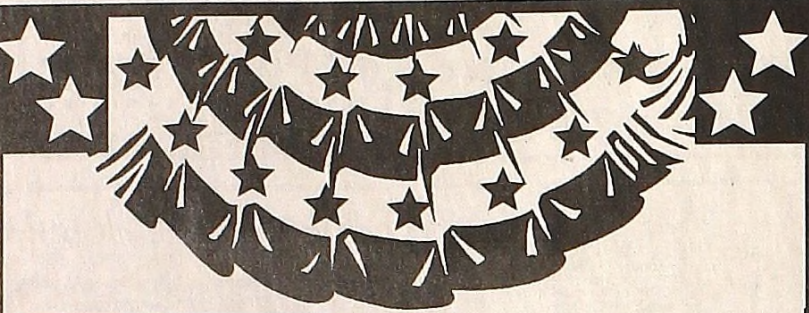

In the Varsity game, the Flyers also lost 33-6 to a stronger, tougher Bulldog squad.

Also this weekend, Flyer Cheerleaders will take part on Sunday at the 1998 Downriver Cheerleading Competition.

Doors will open at 1 p.m. at the Gibraltar Carlson High School. Admission is \$2 each.

The Freshmen Cheerleaders will compete at 2 p.m., the Junior Varsity at 4 p.m. and the Varsity Cheerleaders at 6 p.m.

Football players and coaches attending the competition are urged to wear their home game jerseys.

*To all my supporters and campaign volunteers, thank you for my election victory.*

## Romulus has perfect ending to storybook season Epilogue: How far can the Eagles fly in the post-season playoffs?

By TOM MOORADIAN  
MCN Staff Writer

Romulus put the finishing touches to a perfect ending of a storybook football season Friday with a 41-13 victory Friday night over neighboring Belleville before one of the biggest crowds ever to watch a Romulus high school football game.

The epilogue to the Romulus success story will be written, beginning at 1 p.m. on Saturday when coach Mark Woodson and the Eagles host Sturgis in the first round of a Class BB Region III playoff game.

In the other bracket, Haslett

takes on a team out of Grand Rapids, Middleville-Thornapple Kellogg.

Three of the four teams - Romulus, Sturgis, and Haslett - arrive on the playoff scene with perfect 9-0 records, while Middleville-Thornapple Kellogg also has an enviable 8-1 record.

With his first conference championship and a perfect regular season behind him, Woodson goes back to the drawing board to map out strategy for a team he knows little about.

The Romulus coach said that he is looking forward to the encounter, but would have liked to go into the battle with

more knowledge of his opponent's talents.

"Anyone who has a 9-0 record has to be good," Woodson added. "But we don't know much about them because Sturgis isn't in our area. Our staff is presently rounding up all the information we can, and we will be ready."

The two "BB" winners will meet the following weekend to determine which will advance to the state semifinals.

Belleville defense managed to keep Romulus and senior running back Freddie Russell off the scoreboard the first quarter, but Russell came up with a 27-yard, off-tackle, touchdown run that broke the

scoreless deadlock with 6:15 on the clock in the second period.

With Derek Plave's successful kick for the extra point, the Eagles took a 7-0 lead that they would never relinquish.

A midfield drive, set up by Belleville's first of four costly fumbles, set up Romulus's second TD. Fullback Charlie Thompson took it in on a quick trap that sprung him loose from nine-yards out. The Eagles did not make the point-after, but had a 13-0 lead.

Belleville came back and made it interesting. The Tigers stunned their hosts and the secondary with a "bomb" that exploded with only 39 seconds

left before the half.

Quarterback Kevin Harrison found senior C. J. Grantham open and completed the pass to the speedster for what wound up as an 87-yard TD pass-run play. Harrison provided the extra point, and Belleville was back in the ball game, 13-7.

But that was the closest Belleville would get to tarnishing Romulus' record.

Russell ran wild in the third quarter. He scored three more touchdowns to give the Eagles an insurmountable lead. He scored on the second play from scrimmage in the third quarter, with the clock stopped at 11:26. The TD covered 47 yards,

and Plave cashed in on the next four point-after.

Then, after another Belleville fumble, Russell came back with a three-yard, end-around score. That TD went into the score book with 3:55 left in the quarter.

Russell wrapped up his personal scoring spree with a five-yard dash into the Tiger end zone with 1:24 remaining.

Belleville's last TD of its 3-6 campaign in the first minute (10:21) of the final quarter. Greg Terrell plowed over from five-yards out.

Romulus got that one back with 3:56 left in the final quarter.

## Spearmon leads Glenn past Wayne into playoffs

After a hiatus of only a year, Coach Chuck Gordon (center) and John Glenn's Rockets have returned to the playoff scene. Their 8-1 record qualified them for the regional playoffs which will get underway Friday night at Brighton. Brighton hosts the preliminary round that will decide which teams will advance to the championship round. Photo by Aaron Ortiz

## Rockets have new alltime rusher

By TOM MOORADIAN  
MCN Staff Writer

Piling up 180 yards on 25 attempts and scoring two touchdowns, alltime John Glenn rushing and scoring record-owner Reggie Spearmon led the Rockets to a 34-0 shutout over natural rival, Wayne Memorial, and into the Class "AA" state playoffs.

Coach Chuck Gordon and his Rockets will play Brighton at 7:30 p.m. on Friday in the first round of the regional playoffs. A last-ditch drive in the closing seconds lifted Brighton to a 13-12 victory over Saline Friday night that assured Brighton a playoff berth and the right to host the playoff game.

In the other bracket Lake Orion, the No. 1 ranked team in the region, will square off with Monroe, a team that shares the Mega Conference Red Division title with Dearborn and Fordson.

The two winners will meet the following weekend to determine the regional championship and the traveling rights to the state semifinals.

Spearmon moved to the top of the Glenn record chart, replacing the name of former Glenn and University of Michigan great, Tony Boles, in both the rushing and scoring categories.

With his two touchdowns (24 for the season) and 180-yard rushing performance against Wayne, Spearmon finished the season 1,610 yards rushing, 84 yards more than Boles accumulated during his senior year (1985) at Glenn.

See **EDGE**, page B-2

See **ROCKETS**, page B-2

Even though they have zeroed in on him during the season and devised countless strategies to stop him, none of Romulus' nine opponents this season have been able to stop the Eagles' deceptive and speedy running back Freddie Russell, seen above crossing the goal line. Russell will lead coach Mark Woodson's Eagles into the regional playoffs Friday night when Romulus takes on Sturgis in the first round of the playoffs. It will be the first-ever encounter between the two teams, both of whom have posted perfect 9-0 records. The winner advances to the regional championships, playing the winner of the Haslett-Middleville-Thornapple Kellogg game.

## WYAA continues its hoop registration

By TOM MOORADIAN  
MCN Staff Writer

Westland Youth Athletic Association officials said that they received "excellent response from young basketball players during their initial request for registration, and would like to remind those who didn't sign up for the upcoming season that they can on Wednesday's and Saturday's.

Players may register from 7 to 9 p.m. on Wednesday or from 10 to noon on Saturday at the Lange Compound, located

on Farmington Road, two blocks north of Ford Road.

Participants will play in divisions, according to the following ages: 7 and 8; 9-10; 11-12; and 13-14.

Registration for the 7 and 8-year-olds is \$25, while in the older brackets, it will be \$50.

Keith DeMolay, WYAA publicist, said that the initial response (for registration) was great, and that he anticipated between 200 to 250 youngsters will sign up before the season actually gets under way.

## Townsend: We stand at the edge here of winning tradition

By TOM MOORADIAN  
MCN Staff Writer

Mark Townsend doesn't mince his words. No similes. Just direct objects.

But the young and dynamic Inkster High football coach wrapped up his inaugural season as head coach on Saturday with a 42-28 loss to host, Lansing Catholic Central with a message.

The Vikings will be back better and stronger a year from now, he stressed.

The loss in Lansing at Cath-

*It was a disappointing season for me personally...*

olic Central left the Vikings with a dismal 2-7 overall record.

Did we say dismal record? "Yes," says Townsend, "it was a disappointing season for me personally because I felt we could have, should have done much better. But I am

proud of these kids, and the support shown this team by the fans, parents and the administration.

"I know we are at the doorstep of a winning tradition," Townsend added. "Next year when we come together again, this team will build upon the pride and successes of what we achieved this year."

Townsend said the season exemplified the way his team played at Lansing CC - the team never quit.

## Plymouth-Canton in a squeaker over Salem

### McKee's boot does it!

By TOM MOORADIAN  
MCN Staff Writer

For five years Tom Moshimer has managed to stroll off the gridiron after the season's last encounter with a smile on his face after his Plymouth-Salem usually had settled their score with archival, Plymouth-Canton.

And the veteran football

coach didn't think it would be any different this year.

The oddsmakers gave Salem a hefty two-TD edge.

After all, Salem had a .500 record (4-4) and Canton was barely surviving under first-year coach Tim Baechler, whose Chiefs had an anemic 2-6 record going into the season's finale.

That alone would justify giving Salem an edge in this one.

And it turned into a game of a different kind for Moshimer and his Rocks, whose five-game win streak came to an abrupt end Friday night.

The loss hurt, but the way Canton rallied and did it to the Rocks and their coach, was really painful.

The pain was inflicted by

relatively unknown soccer player Kurt McKee, whose 27-yard field goal as time expired sealed Canton's come-from-behind 26-25 victory over their arch foes.

"It was," said Moshimer after the game, "a great spectator's game. Don't recall any game that I have been involved in like it."

Thank goodness. How much can one's heart take?

And what a heartbreaker for the Rocks and their fans, and what a heart-lifter for the Chiefs and their fans.

It was after all Baechler's inaugural or proverbial baptismal against the "big brothers" who have shared facilities - and some athletes - over the years.

McKee proved to be Salem's nemesis. Not only did he kick the game-winning field goal, the young soccer star also booted an incredible 43-yard field goal right before intermission and came back with an excellently-executed on-side kick that the Chiefs recovered.

That on-side kick set the stage for Canton's final drive and their third victory of the season.

McKee, who admitted after the game he was very nervous (and who wouldn't be under similar circumstances?) gave the hosts a 16-12 lead at half-time, which did not stand up in the third period when Salem came back with vengeance.

Quarterback Matt Fair star-

ted the Rocks rolling immediately after the second-half began as he came through with a superb 57-yard touchdown and with Jason Furr kicking the extra point, Salem was in control 19-16.

The Rocks added a TD to their advantage and that gave it an appearance that they were on their way to their sixth straight victory over their arch foes.

When Andy Kocoloski dove over from the one early in the fourth quarter to cap an eight-play, 77-yard drive that started in the third quarter, the countdown began.

In fact, some fans headed for the exits.

And those that left, missed one of the most dramatic fin-

ishes in the series between these two teams.

After the ensuing kickoff, Canton came back with one of their best drives of the season and Jay Schmitt's touchdown from the five yard line turned the game into a 25-23 thriller.

But there was still about 6 1/2 minutes left.

And Baechler decided to gamble. He called for the on-side kick and, as the sophists will tell you, *If it works, you're a genius; if it doesn't, you look like a fool.*

Fortunately for the Baechler and the Chiefs it worked; unfortunately for Moshimer and the Rocks, they gave up the ball at midfield.

See **MCKEE**, page B-3

# Rockets

Continued from page B-1

Spearmon also amassed 3,990 yards, while Boles had 3,139 during their three-year stints as members of the Rockets' varsity squad.

Spearmon called Boles, whose professional career was cut short because of an injury, a legendary player who he admired and attempted to emulate. Spearmon credited his success to the coaching staff and to his teammates, especially a line that provided him with the opportunities to get the job done, he noted.

Wayne coach Floyd Carter singled out Spearmon as "an exceptional athlete who is a tireless player."

"We knew we had to stop him, and I felt we did an exceptional job in that first half," Carter stressed. "But you can't stop a player like that. They are eventually going to break loose and hurt you."

And, indeed, Spearmon did. Spearmon sealed the victory on a pair of short second half TD runs of one-yard and 14. He masterminded both scores with first-down runs.

It was Nick Paddock who gave the Rockets the cushion they needed to get comfortable in a game that saw one of, if not the biggest crowd ever to view the two teams in action.

"We turned fans away for this one," said a school official who asked not to be identified. "And it was a good crowd. An orderly one."

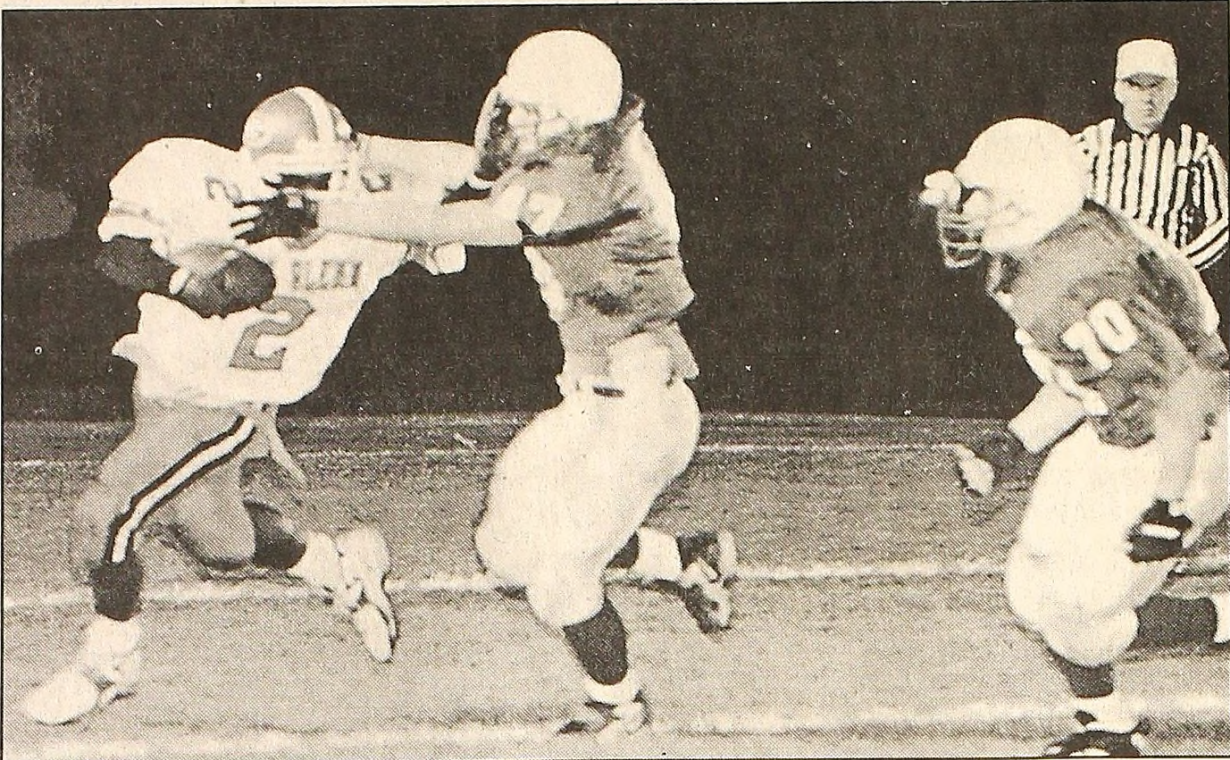

A 74-yard drive, that included quarterback Nick Hudson's 54-yard touchdown pass to Eric Jones, nullified due to a Glenn holding infraction, finally put the hosts on the scoreboard with 43 seconds left in the opening quarter.

Paddock kicked a 27-yard field goal to lift the Rockets to a 3-0 lead.

Later, after Wayne failed to get out of a hole, the Rockets cashed in a safety for two more points as Wayne QB Terry Turner was trapped and tackled in the end zone.

After the free kick, Hudson again put together a five play, 51-yard drive that ended with Paddock's 22-yard field goal.

Spearmon set up his first touchdown on a second and

Tailback Reggie Spearmon, pictured scoring one of his 24 touchdowns he has to his credit this season, has sealed the alltime rushing and scoring records at John Glenn after picking up 180-yards and two TDs against natural rival Wayne Memorial Friday night. eight situation when he managed to get loose for a 12-yard gain and a first down. He eventually scored from the one, which culminated the 10-play, 46-yard sustained drive.

Paddock's kick for the extra point failed, but the Westlanders, with a 15-0 lead, were well on their way to their eighth win.

Glenn struck again with 1:42 left in the third quarter as Jones came up with a superb catch of Hudson's pass in the end zone. That score covered 24 yards and when Turner managed to block Paddock's attempt for the extra point, Wayne was looking at a 21-0 deficit.

John Pettit, who distinguished himself against undefeated Farmington Hills Harrison a week ago, got his team on the scoreboard. Pettit picked off a Hudson pass and ran it back 34-yards for a touchdown.

Paddock then kicked his final PAT of the game.

Spearmon put the finishing touches to a seven-play, 60-yard drive that was launched early in the fourth quarter with a 14-yard touchdown run. It would be the tailback's final

score of the regular season.

He set up it up with a 25-yard run. Also, Hudson converted on a big third-down situation with a swing pass to Jones that gave the hosts the first down that kept the drive alive.

Glenn's defense intimidated Wayne.

Led by Pettit and defensive end Teon Price, who was awesome against Wayne, the defense held Wayne to a total of 54 yards, of which running back Cameron Mingo got 31 yards on nine carries.

Kwame Hampton (3 attempts) and Jawuante Dawson (2 rushes) split 20 of the Wayne's yards.

Turner was not a factor in this game. The Wayne QB completed only one of nine passes for four yards and when he attempted to run with the ball, he was stopped on all eight attempts.

The stats reflect Glenn's dominance in the showdown for bragging rights in the Wayne-Westland schools: Glenn had a total of 20 to Wayne's 5 first downs and executed 61 offensive plays to Wayne's 33. The Rockets also chalked up a total of 441 yards

to Wayne's 58 on offense.

Carter, who returned to the head-coaching ranks this year, after serving as an assistant to former coach Chuck Howton, said he was disappointed with the defeat, but praised his team for a valiant effort against an outstanding Glenn team.

"We beat some tough teams like Adrian, Belleville and Edsel Ford," said Carter, "and we lost some closed ones. I am definitely happy with the progress this team has made and I am looking forward to next season when I feel we can build on our accomplishments."

Wayne brought the curtains down on a 4-5 season, while Glenn travels to Brighton with an 8-1 mark.

If you are planning to attend the Westland John Glenn-Brighton game on Friday, you may want to take the 275-Expressway to I-96 west. Leave the expressway at Exit-147, which will be Spencer Road.

Follow Spencer Road into the city to Main Street. Follow Main, which will become Brighton Road. Brighton High School is located at 7878 Brighton Road.

## Edge

Continued from page B-1

"We were down by two TDs and our kids refused to quit. They played an inspired game until the final whistle."

The Vikings put 14 points on the scoreboard in the second quarter thanks to quarterback Alphonso Clark's 10-yard up-to-middle dash into CC's end zone. That TD culminated an eight-play, 55 yard drive that cut the score to 14-6.

The Vikings opted to go for the two-point conversion, which failed.

But CC came right back after the ensuing touchdown and scored two unanswered TDs to take a 28-6 lead.

Inkster replied just before the half and scored on a nine-yard sweep with running back Michael Gray turning the corner and crossing the goal line with the help of some excellent blocking.

A pass-interference call against CC also kept the Viking machine oiled in that second RD drive.

Clark and Jenkins teamed up on a pass that gave the Vikings the two-point. CC had the lead 28-14 going into the locker room.

Then, on their first drive after the intermission the Vikings came back and stunned their hosts as Gray, with tackle Adrian Matthews and tight end Adrian Jones, providing a wall to run behind, broke loose on a spectacular 75-yard dash which ended only after the Inkster running back crossed the CC goal line.

The PAT however was incomplete.

Gray cashed in on another superb run, this time for a 55-yarder for what proved to be the game and the season's final Inkster touchdown.

Gray accumulated 205 yards in 18 carries and three touchdowns - his best individual performance for the season. Clark completed 12 of 19 passes for an additional 170 yards, including 32-yard aeri-als to Jamal Pool, which set up one of the Vikings' TDs.

Inkster's Dennis Williams picked up 69 yards on seven attempts and Jenkins had 2 catches for 43 yards, and wide receiver Poole caught 3 passes for 65 yards.

Linebacker William Morris, a junior, had an outstanding game against Lansing as he was credited with 10 solos and one sack of the quarterback. Morris also picked up three assists. Jenkins chipped in with three sacks and Anthony Wimberly finished the game with five solos and four assists.

Clark also won't be reporting to basketball practice very soon. In the fourth quarter he twisted his ankle which required a trip to the nearby hospital.

"It looks like he's going to be out of action for some time," Townsend noted.

Townsend also attended the Mega Conference, Gold Division, coaches' meeting last week and learned that two of his players - Gray, a sophomore tailback, and Will Morris, a 6-1, 180-pound junior linebacker, were named to the 1998 all-conference team.

The complete All-Mega Conference teams will be announced in the coming weeks.

### Huskies waste Ostach's outstanding efforts

Former Plymouth-Canton star Ryan Ostach, who has been groomed as a wide receiver for Michigan Tech, caught three passes for 68 yards and a touchdown in the Huskies 25-22 double overtime loss to Wayne State on Saturday.

Ostach, who has started all nine games at wide receiver, led the team in receptions and also caught the team's longest reception of the day, a 41-yard strike from quarterback Alex

Kowalski.

Ostach, also the team's punter, punted the ball twice for 70-yards, an average of 35 yard per attempt.

For the season, Ostach leads the Tech receivers with 19 catches for 353 yards and three touchdowns. He has punted the ball 39 times for 1,449 yards, an average of 37.2 yards per punt.

Russell ended the regular season with four touchdowns, 198 yards on 28 attempts.

Boykins added 186 yards on a nine of 16 passing performance and one TD.

"It was a game that was much closer than the score indicates," said Woodson later. "I was very happy to hear that final whistle because you can never count out a Belleville team no matter what the score."

Along with Russell and Boykins, several other Romulus players stood out. For one, A. C. Chadwick, who had seven receptions for 112 yards. Hamby, who came up with the 61-yard TD pass reception, also provided exceptional blocking to help give Russell some running room.

Junior linebacker Rick Fos-

ter piled up an incredible 13 assists and, in Woodson's words, "was all over the field." Thompson chipped in with five solos and 10 assists, a good night's work. When he wasn't busy at the quarterback, Boykins was busy cutting down Tigers who came into his zone. He was credited with six solo tackles and had three assists.

completion on a fourth down and eight situation, kept the Chiefs within striking distance.

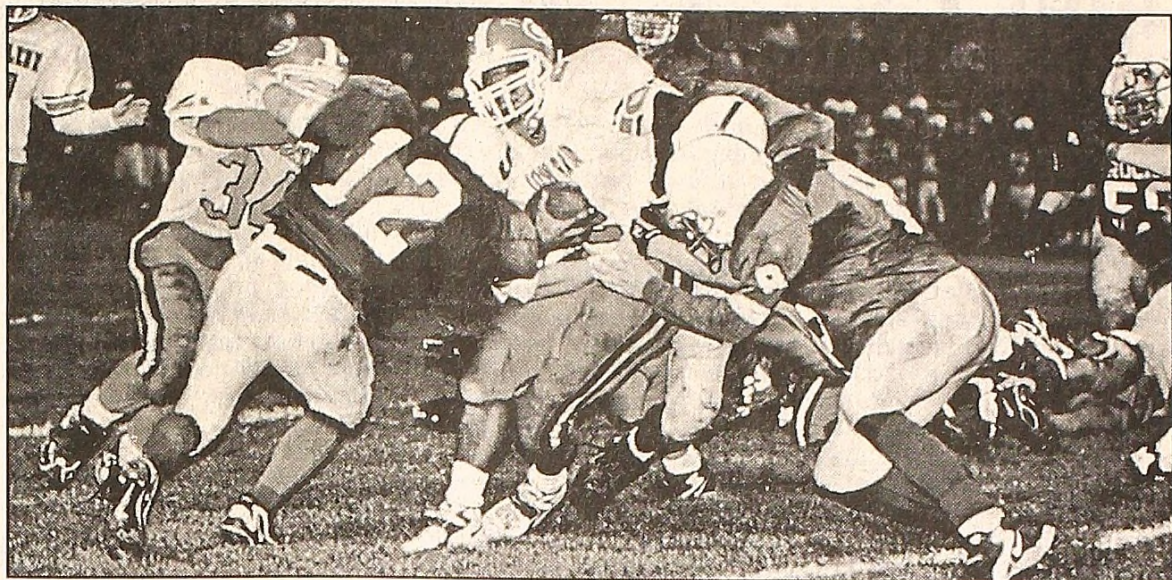

Then, on the last play and time running out, McKee was again called upon to perform a miracle.

And he came through.

Incredibly, Canton controlled the ball for 72 plays

against a Salem team that is noted for eating up the clock. This time however, Salem had the ball for a mere 31 offensive plays. And that also means the Salem defense worked overtime.

"It's a tough one to digest," said Moshimer. "I don't think we are going to forget this one for a while."

## All-Area is on its way

It's no secret that the Detroit Lions aren't going to go anywhere this season, and that the season also has ended for all of the local high school football teams with the exception of two - undefeated Romulus and Westland John Glenn, who qualified for their regional playoff games. However, it's still a secret who from the area will be named to the 1998 Michigan Community Newspapers All-Area Teams and who will be selected as the MCN's Coach of the Year. If you have a favorite player or son and you want to nominate for the team or know of an area coach who is deserving of the honor, contact the MCN Sports Desk at 734-729-4000 and give the staff their name(s). ## 1999 Lincoln Town Car spoiled me

By VIC BERNSTEIN  
MCN Automotive Writer

The 1999 TOWN CAR has received a makeover from its traditional squared off boxy look, to a new more contemporary smooth and sculpted style. Having been placed on a diet, the new model is a little smaller, 200 pounds lighter, and now has a hint of sport.

If you are looking to compare with other makes and models, the closest comparisons would be with the Cadillac DeVille, Jag XJ, or Lexus LS 400.

If you are looking for passenger roominess, lots of trunk space, smooth & quiet ride then the TOWN CAR may be for you. If you do not mind its large size (18 feet by 6 1/2 feet), its fuel economies, and sticker price in the \$40 to 46,000 range, the TOWN CAR may be for you.

The 98 line up includes 3 versions, Executive, Signature, and Cartier. My demo was the

Executive. The TOWN CAR is as a 6 passenger, four door sedan and is being manufactured at the FORD Wixom assembly plant.

**Power** Equipped with a 4.6 litre SEFI SOHC V-8 linked to a 4 speed electronic automatic transmission with overdrive, there is ample power to move this 4070 pounds luxury chariot. Peak output is 205 hp at 4250 rpm. The engine and transmission work together to provide seamless shifting. Gas consumption is rated at 17 city & 24 highway which was exactly my experience.

**Handling & Performance** Steering is power assist recirculating ball with a curb to curb impressive rating of 42 feet considering the size of this vehicle. Brakes are power 4 wheel disk with ABS. Front suspension provided by independent short & long arm coil springs and ball joints. Rear suspension is 4 bar Watts Linkage, and air suspension springs on axle.

It took some getting use to the size, but the ride was impressive, I give this vehicle my highest rating, the coveted "flying couch" ride. I compare to sitting in my living room or to being on the monorail at Walt Disney World. While I did not get to test the vehicle in snow, under normal conditions it handles well, however, kinda like a yacht..

**Interior** There are so many amenities, that I will only touch on the exceptional. First, the TOWN CAR now has front & side air bags. There is an abundance of storage in a large fold down front armrest, full length driver door bin, and rear seat center fold down. The mirrors have a neat anti glare system called "electrochromatic". Lights for all occasions and premium Alpine audio sound system and trunk mounted CD changer. Heated seats with a variable control that you could practically cook on. Leather everywhere and thick 18 oz carpet. The forward seats have 8 way power that feels like the reclining chair in my living room. The steering wheel has cruise, climate and audio control. Dash board instrumentation is easy to see and complete with compass, trip, fuel, MPG, miles till empty, and systems check.

Bells, whistles, and toys for big boys & girls. This vehicle was packed with more amenities than "Q" from Bond (James 007 Bond that is ) could have dreamed up.

**Exterior** My demo was "Midnight Black" with charcoal trim and side molding. The front grille was a statement in chrome, the wheels were 16" snowflake aluminum. The head, tail and side lamps are complex reflector type which could like up a major league ballpark. All in all, my first impression was one of stodgy elegance. By the end of the week, I learned to see quiet but substantial elegance.

**The Bottom Line** My demo has a MSRLP of \$42,500 as tested and if your looking for a luxury Sedan you will like this car. I admit to being spoiled after my week long relationship with this road yacht. Compared to luxury imports, you get more of and great value. This car gets my recommendation for those folks who can afford the payments. You may want to compare with the Cadillac DeVille, but the Lincoln TOWN CAR is a lot of vehicle and Kudos' again to Ford on this American Tradition.

Next week we will preview the 1999 Pontiac Gran Prix. Till then, see you on the roads of Wayne County.

1999 Town Car is evolving from a traditional large luxury sedan to one with a more aggressive stance, emphasizing luxury, distinctive style, and driving performance.
